Gopichand Dandimeni

Cybersecurity Analyst | Digital Forensics Intern | Security Researcher | DFIR

Email:dandimenigopichand6@gmail.com | LinkedIn: Gopichand D |Phone:+919390606393

PROFILE SUMMARY

Cybersecurity and Digital Forensics undergraduate with practical exposure to incident response, vulnerability assessment, digital evidence handling, and cyber threat analysis. Skilled in tools such as Burp Suite, Nmap, Wireshark, Autopsy, and Volatility, with working knowledge of SOC operations, OSINT, OWASP Top 10, MITRE ATT&CK, and chain of custody practices. Interested in supporting cyber investigations, awareness programs, and evidence-based security operations in a law enforcement environment.

TECHNICAL SKILLS

- **Digital Forensics:** Evidence acquisition, image forensics, OS forensics, memory and disk analysis, chain of custody, artifact analysis.
- **Cybersecurity:** Reconnaissance, vulnerability assessment, penetration testing, threat intelligence, incident response, OSINT, log analysis.
- **Tools:** Burp Suite, Nmap, Wireshark, Metasploit, Autopsy, Volatility, Maltego, Splunk.
- **Programming:** Python, Bash, SQL, PowerShell.
- **Platforms:** Linux, Windows, Docker, VirtualBox/VMware, Android forensics basics.

PROJECTS

1. **LOOK-DGC – Digital Image Forensics Toolkit | Lead Developer**
   Built a Python/OpenCV-based toolkit for metadata extraction, tampering detection, EXIF analysis, and automated forensic report generation.
2. **EVID-DGC – Blockchain Evidence Management System | Lead Developer**
   Built a React.js and Node.js evidence management platform integrated with blockchain and IPFS for secure, tamper-resistant digital evidence storage.
3. **Network Port Scanner-DGC – Network Security Assessment Tool | Lead Developer | Link**
   Developed a network scanning tool for service enumeration, SSL analysis, and basic CVE detection.
4. **Security-Pass-DGC – Cybersecurity Training Simulator | Lead Developer**
   Built a browser-based cybersecurity awareness simulator covering phishing detection, password security, and incident response scenarios
5. **Leadership and Contributions |** Profile: https://github.com/Gooichand | GitHub: https://github.com/Gooichand
   Mentored 6+ open-source projects in **Girl Script Summer of Code** (GSSoC) 2025, **Social Winter of Code** (SWOC) 2026 And Contributed to multiple development projects in **Elite Coders Winter of Code** 2026

INTERNSHIPS

1. **Naksh Foundation | Research & Content Intern |** ***February 2026 – Present***
   Researched cyber threats and created awareness content for Project Cyber Shield.
2. **Amroha Police Cyber Security Internship Program (APCSIP-2026) | Cybersecurity Intern | June 2026**
   Completed a 12-day intensive training under Uttar Pradesh Police covering cyber forensics, cybercrime investigation, cyber laws, mobile forensics, malware analysis, dark web intelligence, cyber psychology, misinformation analysis, hardware hacking, and research methodology.
3. **Edunet Foundation | Cybersecurity Intern |** ***Mar 2026 – Apr 2026***
   Completed project-based training in threat mitigation, vulnerability management, and infrastructure security.
4. **Cyber War Lab | Cybersecurity Intern|** ***Dec 2025 – Jan 2026***
   Performed web and infrastructure testing using OWASP, MITRE ATT&CK, and CTF-based analysis.
5. **Cyber Privilege | Cyber Forensics Specialist Intern | Aug 2025 – Jan 2026**
   Worked on evidence acquisition, OSINT, memory forensics, and incident response support.

CERTIFICATIONS

- Cybersecurity Essentials (LFC108) – The Linux Foundation, January 2026
- Reporting Strategies and Best Practices – Qualys Certified Specialist, January 2026
- Windows Forensic Analysis Bootcamp – CDAC, October 2025
- TCS ION Career Edge - Young Professional - TCS ION, February 2026

EDUCATION

- **B. Tech Cybersecurity & Forensics |** Sandip University, Nashik | **Graduation: 2027**
  CGPA: 7.2

ADDITIONAL INFORMATION

- **Areas of Interest:** SOC Operations, DFIR, Threat Hunting, Malware Analysis, Cyber Threat Intelligence, Digital Investigations
- **Languages:** English, Hindi, Telugu.
